KratosGroup.TV New Partner

The new paradigm in live streaming video for your church

Come join the family

Pastor Lloyd T. Lockett

"NEW" Mobile Broadcasting

Broadcast LIVE direct from mobile devices including iPhone, iPad, Android phones and tablets!

What is KratosGroup.TV? We are Kingdom building minds developing kingdom minded people. KratosGroup.TV is dedicated to helping churches reach the world on a global level. Your home, church or organization can get the best of internet video content with Christian streaming services designed with healing; teaching a holistic word and family focused programing that build the entire body of Christ.

KratosGroup.TV works closely with the church staff to develop a user friendly Outreach Broadcast Ministry that communicates affectively and affordably. We do this by reinforcing any ministry's mission, vision and values to be viewed globally, reaching souls worldwide. The kratosgroup.tv concept realizes that media is changing and works with you in adapting this new technology.

Our goal is to work with you from the infancy stage creating an affordable outreach broadcast

ministry for your church. After years of research and testing equipment, software, video streaming companies and Internet providers, Founders Pastors Lloyd & Carolyn Lockett of Global Family Empowerment Ministries want to share their experiences and

knowledge with other churches.

Our Ultimate Goal

To help you establish an Outreach Broadcast Ministry that both evangelizes; disciples and is a financial resource for your church. Today; 85% of Americans are on the internet a minimum of two hours a day and longer on weekends. To reach these people you must have a platform to do so. As cable and satellite TV had it's time to send us the information that was important; streaming is now the reality of the future and a more powerful way to accomplish our entire evangelical goals. Digital Streaming is a method of relaying data like video and audio media over television and computer networks as a steady continuous broadcast. This is allowing ministries and the world around them to globally have a much more powerful engaging experience. Although live streaming has been available since the mid 1990's the technology is still relatively new to churches.

Dare to Dream
We can reach the world together

Global Family Empowerment Ministries

Global Family Empowerment Ministries Network TV (GFEM Network TV) is dedicated to helping churches reach the world on a global level.

Internet television and streaming services like Roku represents a new form of distribution that has empowered the church to have the same tools that global broadcasters and main stream broadcasting have. We can now reach the world and spread the word in Jesus name.

24/7 Christian Programming

Broadcast on our channel

Your home, church or organization can get the best of internet video content with Christian streaming services designed with healing, teaching a holistic word and family focused programing that build the entire body of Christ.

The following are the 5 stages of streaming with brief explanation of the technology and how a viewer is able to watch a live broadcast of their Sunday Service on their computer or hand held device:

Step 1 - Video cameras and microphones in the church capture the live Sunday Service or the recorded event. Until you get to this phase, we will work with you helping you clearly define your vision and have a qualified group of staff or volunteers in line to help bring the vision to reality. It also allows those to connect to your ministry and view a service live or On Demand after it's over. Now; there is no reason a person should miss a service from your church.

Step 2 - The content is captured and encoded within our platform.

A media streaming service dedicated solely to assisting churches of all sizes and denominations develop outreach broadcast ministries.

Step 3 - The computer software “streams” and continually uploads the event video and audio Internet connection to a “Content Distribution Network” or CDN located all over the world and is constantly storing and sharing the digital content or “up-loaded stream”.

Step 4 – Our main outreach channel is Global Family Empowerment Ministries that broadcast in ROKU, the internet and through all major

mobile devices has the advanced technological streaming available for your ministry. The opportunity to do outreach locally; regionally nationally and globally is no longer impossibility but a very real possibility. We would like to work with you from infancy to full growth. We will be here through each phase.

5. The final result is a churches ability to expand their Outreach Broadcast Ministry to seekers and viewers all over the world.

Grace and Peace to you my dear friend. This letter was developed with the purpose of bringing you clarity about our mission to reach the world and our service to you as a broadcasting network.

I understand that ministries large and small share the same calling as it relate to the word of God. God's call for us to reach the world with his message of Redemption, Salvation and Power is summed up by the simplicity of one word, Go. In my attempt to fulfill this Great Commission in Matthew 28:16-20 I have with great prayer and seeking the Lord, trusted by faith the vision given me.

Global Family Empowerment Ministries Network TV (GFEM Network TV) is the catalyst being used to reach the world on a global level. Your partnership is pivotal to our growth and without your ministry broadcasting on our network this blessing to so many souls will be lost.

Kratos Network Empowerment Group LLC Programming Solutions streaming experience coupled with our robust content delivery network has made us the ideal choice to help us deliver, manage, and monetize media content on all popular platforms, including PC/Mac, iOS devices, Android, Blackberry, Nokia, Smart TV and set-top boxes such as Roku.

We can reach the world together with 24/7 Christian Programming that changes lives forever in Jesus name.

The Roku TV box is one of the most powerful tools used today for evangelism. Your ministry can now be viewed on television with millions of viewer's nationwide.

Sincerely

Pastors Lloyd T. & Carolyn Lockett
